

OCCUPATIONAL THERAPY SCHOOL READINESS PROGRAM

**With the transition to big school just around the corner,
is your child ready?**

Riding for the Disabled (NSW) Tall Timbers Centre has teamed up with an experienced Occupational Therapist to design and implement a holistic, client entered and targeted program for children preparing to enter school next year. The focus of this group is to equip your child with the skills needed to be confident and successful when entering into school. This comprehensive group develops the child's fine and gross motor skills, social awareness and engagement, academic and learning, and behavioural expectations. Being such a critical new stage in your child's development, we aim to ensure your child enters kindergarten ready to learn.

**Contact us now as spots are filling fast. Provide your
child the best start to their schooling journey.**
